## “Most Successful Winery” 2006 Sydney International Wine Competition

On 25th February the judges awarded Yalumba the Wine Society Perpetual Trophy for the Most Successful Winery.

The Most Successful Winery is awarded to the winemaker who achieves the most award winners from the 2006 competition – spectacular considering more than 2,000 wines entered the 2006 competition, representing nearly 500 brands from all over the world.

On receiving the accolade, Brian Walsh, Yalumba's Director of Winemaking thanked the judges and everyone at Yalumba. “There's an incredible amount of hard work, dedication and passion which goes into every drop of these wines. It all comes down to doing the little things brilliantly.”

Yalumba are both honoured and excited by this news and the opportunity to share it with you.
